Chamber of Commerce Wastes No Words in Starting to Collect a Big Fund-Red Cross Branch Here Asks for Supplies

as Well as Money-Other Bodles Act. The Mayor's relief committee met in the wadience room at City Hall yesterday afternoon. The committee was called to order by Mayor McClellan, who said:

"Although I have not succeeded in getting into communication with Mayor Schmitz, reports of the disaster leave no doubt that help is needed and needed immediately." The Mayor then said that he had already

received contributions of \$110,000 and that \$25,000 more was on the way. Robert W. De Forest was appointed chairman of the committee, Jacob H. Schiff treasurer and R. W. Hebberd secretary. An executive committee sug-

gested by the Mayor was unanimously

chosen. This committee is: The Mayor (ex officio), Morris K. Jesup, R. W. Hebberd, Myles Tierney, Jacob H. Schiff, Robert W. De Forest, Cleveland H. Dodge, Charles A. Schieren, St. Clair Mc-Kelway, Nathan Bijur, Thomas W. Mulry, Isaac N. Seligman, Alfred T. White, Edward T. Devine, Lee K. Frankel, the Rev

D. J. McMahon and William A. White. A resolution introduced by John W. Crimmins was adopted referring all questions of the distribution of the money collected to the executive committee with power. There was a desire expressed by some of the general committee that the distribution of the funds be placed in the hands of Edward T. Devine of the Red Cross Society, a member of the general committee, who had been sent to the stricken city before he received news of his appointment on the Mayor's committee.

A resolution introduced by the secretary was adopted providing that: "Owing to the great distance between this

city and San Francisco it will not be possible for the committee to receive or distribute supplies to the sufferers in that city All assistance is requested to be in the form of financial contributions, which may be sent to the treasurer of the executive committee, Jacob H. Schiff."

Mr. De Forest said every effort would be made to make the funds received go as far as possible to do the most good and to prevent any waste. He declared that contributions were wanted not from the rich alone, but also from those with the least to give. "I could wish," he said in closing, "that every citizen of New York, no matter how small his means, might have a part in

and adopted a resolution which practically negatives the proposition to have the funds collected by the committee distributed by the Red Cross society. This was the resolution adopted:

Resolved. That it is the sense of this committee that the distribution of any needed assistance contributed through this com-mittee should be made as far as possible through the local committees or organizations in the different cities, towns and vil-

Resolved. That a copy of this resolution be sent to Secretary Taft.

Another action of the committee was to request the newspapers to warn the public against making contributions except directly to the committee or through some responsible medium, as no solicitors would be employed for the collection of funds.

BIG CHAMBER OF COMMERCE FUND. The Chamber of Commerce at a special meeting called to devise plans for the relief of San Francisco took action which resulted in the increase of its relief fund from was over. With the exception of the occasion of the Chicago fire, when the chamber raised \$1,100,000, the amount is already largest ever got together for relief under the auspices of the chamber. At that time, however, the Chamber of Commerce took charge of the great bulk of the contributions made by residents of this

The meeting of the charaber was practical and businesslike. Little time was wasted in oratory.

"There is no use of my explaining the becessity of this meeting," said President Jesup in calling it to order. "All have heard of the great calamity that has befallen a sister city. We are here to express our sympathy; but more than that, we are here to offer our services. We have got to be wise; discreet and unselfish. Whenever any occasion for philanthropy has arisen in our land or foreign cities the chamber has expressed its sympathy in a practical way. Let us keep up the reputation this chamber has sustained and not fail."

The following resolutions were then Whereas an inscrutable calamity of ap-

have power to add to its number if this should be deemed advisable. "No words," said Mr. Smith, "can add to the impression which the awful facts con-

vey. In some respects this dreadful calamity seems unparalleled in the history of the world." The resolution was adopted, after an amendment offered by Seth Low made it applicable to all the earthquake and fire-

swept localities of the coast. In announcing his committee President Jesup said the subscription should reach the sum of \$500,000 at least. The committee is as follows: Morris K. Jesup, Charles S. Smith, Alexander E. Orr, John S. Kennedy, Vernon H. Brown, Isidor Straus, Cornelius N. Bliss, Seth Low, August Belmont, John Crosby Brown, Isaac N. Seligman, James Speyer, John Claffin, D. O. afternoon, but failed to decide in just what manner the funds are to be distributed. Whether to turn them over to Mayor Schmitz, to Gen. Funston, the Red Cross or some other organization is a matter that will be

determined to-day. Secretary Wilson was kept busy receiving and acknowledging checks all the afternoon. Together with the subscription of \$100,000 made by William Waldorf Astor and placed at the disposal of the Chamber of Commerce, yesterday's subscriptions made the total aggregate \$443,320. There is little doubt that the half million mark will be far

exceeded to-day. WORK OF THE RED CROSS

At the special request of Dr. Edward T. Devine, who was designated by Secretary Taft, president of the National Red Cross society, to take charge of the Red Cross relief in California, and who is now on his way to the Pacific Coast, the New York State branch of the society sent out on the Twentieth Century Limited yesterday afternoon Miss Lucille Eaves, a student in the Graduate School of Columbia University.

Miss Eaves was for years head worker in the South Park Settlement in San Fran- Kuhn, Loeb & Co. and William K. Vancisco, built by Mrs. Phœbe A. Hearst, which is in the heart of the destroyed portion. For thirteen years Miss Eaves has been engaged in sociological work in all sections of California, and is therefore in close touch with all the charitable movements and associations of that State.

Miss Faves, who is a graduate of Stan-sociology both in that institution and in Chicago University, practically gives up the degree of Doctor of Philosophy, which she expected to obtain from Columbia

University next June. The New York State branch established vesterday morning an office and publicity bureau in Room 507, 500 Fifth avenue. The bureau is in charge of George W. Wharton. Mr. Wharton said yesterday that it would be the aim of the national society to raise a reserve fund of \$100,000 in each State, which could be applied immediately When the general committee adjourned in case of the recurrence of any such disthe executive committee went into session asters as those which have befallen Italy and California. For the use of the bureau the owners of the Bristol Building at 500 Fifth avenue have given the room, with office furniture, rent free. The Remington Typewriter Company has contributed a typewriting machine and the services of an operator without charge. The Neostyle Company has donated an electric manifolding machine and the Bristol Public Typewriting Company the services of four stenographers and four typewriting ma-

All day yesterday contributions poured into the office so fast that Mr. Wharton and his staff had all they could do in recording receipts and making acknowledgements.
All contributions to the Red Cross relief fund should be sent to Jacob H. Schiff, treasurer, 500 Fifth avenue or 52 William street, and all checks should be made payable to Mr. Schiff. Over \$7,000 was received at the Fifth avenue office yesterday morning. Food, clothing and other supplies for the relief of the California sufferers will also be very thankfully received by the society. \$78,000 to more than \$400,000 before the day | All such articles should be sent to the express offices distinctly labelled: "For the Red Cross Relief, San Francisco, Cal." The express companies will then transport contributions without charge. copies of the invoice should be sent to the office of the New York Red Cross, one for office fecord and the other to be sent to Dr.

The society has also sent out a circular letter to the pastors of all the churches in the city requesting that the appeal to the American people sent out by the executive committee on Thursday last be read in all the churches next Sunday."

CUSTOMS EMPLOYEES HELP. About a thousand men in the customs service, members of the third division, surveyor's office, agreed yesterday to contribute one day's pay on or before April 30 for the relief of the San Francisco sufferers. Deputy Collector J. M. Bishop will collect the money and turn it over to Surveyor Clarkson for such disposition as he may deem proper. About \$5,000 will be raised in this way, and the customs men hope all Government employees will take up their

Racetrack men are responding liberally to the call for assistance in behalf of the San Francisco sufferers. At Aqueduct yesterday it was announced that all of the racing associations under the control of the Jockey Club would donate a certain amount

to be decided upon in a day or two. The Metropolitan Turf Association of Bookmakers voted to subscribe \$5,000. The Turf Benevolent Association made up a purse of \$1,000, while an individual list in the care of John G. Cavanagh footed up \$2,000 when the races were over, with more to be heard from to-day. The money thus collegted will be forwarded direct to the Mayor of the stricken city.

George C. Thomas, treasurer of the board of missions of the Episcopal Church, announced yesterday that his board would be glad to receive and forward subscriptions of any sums for the relief of the people of San Francisco and other California towns. The address of the board is 281 Fourth

avenue. The National Association of Credit Men has sent out an appeal for contributions. Remittances are payable to the order of Charles E. Meek, treasurer, 41 Park row. All moneys received will be forwarded at once to Gustav Brenner, president of the

San Francisco Credit Men's Association. A committee of the Hide and Leather Association has been appointed to receive

subscriptions from the trade. The Merchants' Association relief committee has forwarded a circular letter to manufacturers, merchants, retailers, bankers and employers in the greater city, enclosing a subscription form, to be displayed in a conspicuous place in the office, for the purpose of obtaining subscriptions from the large body of employees who might desire to contribute small amounts. An executive committee was appointed to confer and cooperate with other relief committees with authority to distribute funds. This is the executive committee: Edward D. Page, chairman; Gustav H. Schwab, William F. King, George L. Duval and

The Rev. Dr. Morgan Dix, rector of Trin ity Church, announced last night that the offering at Trinity and all of the chapels under the jurisdiction of this church for Sunday morning would be turned over to the fund being collected for the relief of San Francisco.

Chamber of Commerce Fund Near a Half Million Aiready-\$138,000 Left at the Mayor's Office Contributions of \$10,-000 Common'-An Anonymous \$25,000

The purses of the citizens of this city are opened wide for the San Francisco sufferers. There had been recorded up to last night subscriptions of more than \$1,300,000 for the two days. That is a very conservative figure, as many contributions have not been acknowledged. At least \$2,000,000 from this city is now at the disposal of the stricken Californians.

In addition to the \$533,000 spontaneously ubscribed on Thursday, THE SUN yesterday got word of over \$773,000 turned over to various relief committees. There was little or no solicitation for the money; it came voluntarily. When Chicago was in straits after her disastrous fire, this city contributed \$1,100,000, the previous high record.

At the Chamber of Commerce meeting yesterday \$350,000 was subscribed, making a total of almost \$435,000 for the two days. At the Mayor's office \$133,500 was subscribed, one man who wanted to be known as "A Friend of Humanity," contributing \$25,000. The Standard Oil Company authorized its agents in San Francisco to distribute \$100,000 practically under the same conditions as John D. Rockefeller's contribution of \$100,-000 on the previous day.

Andrew Carnegie came to the front with \$100,000. So did William Waldorf Astor with \$100,000. Sums of \$5,000 and \$10,000 were common. The North German Lloyd Steamship Company cabled \$25,000, and similar contributions were made by derbilt.

As yet there has been no concerted action as to the disposal of the money. CHAMBER OF COMMERCE.

Of the big fund planned by the Chamber of Commerce \$360,000 was subscribed yesterday, some of the contributors being:

MAILS FREE FOR A WHILE. Post Office Can't Supply Stamps-Postal

Clerks Found Imprisoned. OAKLAND, April 20 .- It is announced hat until further notice letters from San Francisco will be sent through the mails free of postage. This has been made necessary on account of the unprecedented demand for stamps, which the local post office cannot supply.

Postmaster Dargie has telegraphed to he Post Office Department at Washington that, owing to the condition of the San Francisco post office, registered pouches and packages will be held in the Oakland office indefinitely. He also suggested that offices making up mails for Manila and the Orient be instructed to forward them to

Seattle instead of San Francisco. Workers in the débris of the post office to-day found eleven postal clerks. It was at first thought that they were dead, but each proved to be alive, though some were badly injured. They had been im-

prisoned for three days.

They were taken to the field hospital, where it is said all have good chance recover. All the mail was saved.

The Big Vans to Make a Tour of the Streets Collecting Supplies.

When the first news of the San Francisco disaster was received the Barnum & Bailey circus management sat down to deliberate how the show could be made available in the relief work. As a result 150 of the big circus vans are to be sent throughout the city to gather up clothing and other supplies for the sufferers.

George O. Starr, chairman of the circus directorate, has taken charge of the relief measures, and Louis E. Cooke, general advance agent, will supervise the relief expedition which is to be fitted out by the

circus management.
While the show is in Brooklyn next week While the show is in Brooklyn next week the circus wagons will go around gathering supplies. The various railroads have offered to furnish sufficient trains to carry all the supplies that may be obtained. Five trains will be started Westward, and Mr. Cooke telegraphed yesterday to the Mayors of all the cities along the routes taken by the various trains, asking their help in swelling the consignment from New York.
